

REMARKS

This amendment is based on the amended claims 20 and 21 in the amended sheets found in the Annex to the International Preliminary Examination Report and adds text to claim 18 which was inadvertently removed. The amendment removes the multiple dependencies from the claims and adds headings to the specification. The amendment was not made for reasons related to patentability, and the full range of equivalents for all of the elements of the amended claims, as well as for all of the other claims, should remain intact.

A favorable consideration that results in the allowance of all of the pending claims is earnestly solicited.

Respectfully submitted:
